

# BlockChiefs

## INTRODUCTION

Welcome to the BlockChiefs Whitepaper! While memecoins typically don't require a whitepaper, our commitment to transparency and clarity drives us to provide you with this comprehensive guide. BlockChiefs is not just another memecoin; it's a movement that combines innovation, creativity, and a strong sense of community.

We envision going beyond traditional memecoins by offering our members rich and meaningful interactions. Imagine a world where neighborhood bosses, each with their unique personality and intriguing stories, rule the day. These bosses represent the essence of BlockChiefs and symbolize the strength and diversity of our community.

Our mission is to transform the way you view memecoins. Each BlockChiefs character brings something new to the table—be it an event, a novelty, or simply a touch of humor and fun. We are dedicated to creating an engaging and positive experience for all our community members.

In this whitepaper, you will find detailed information on how BlockChiefs operates, our presale schedule, and guidelines on how to proceed through each phase. By becoming a member of BlockChiefs, you join a community that values innovation, fun, and camaraderie. You are not just an investor but an active participant in an ongoing adventure filled with exciting updates, unique events, and captivating characters.

## How Does It Work?

We create a transparent and seamless process for our community. Unlike traditional memecoins, we value your privacy and ease of access.

No personal information or tedious records are required.

Just connect your MetaMask wallet with one click and you're ready to buy BlockChiefs tokens.

We set a minimum purchase amount of close to \$10 to ensure fair participation.

The pre-sale takes place for a specific period of time, and once completed, you can claim all of your BlockChiefs tokens at once.

That's right - there is no token vesting period here!

Once the pre-sale ends, claimed members of our community will be able to do their entire token allocation with a simple click.

To make the process even smoother, our interface displays the connected wallet address and the BlockChiefs token balance corresponding to that address.

Here's the interesting part: we allocated a total of 2 billion tokens, split between the presale and the Uniswap pool. Of these, 1.2 billion tokens are intended for pre-sale. For the Uniswap pool, we have allocated 500 million tokens. To celebrate our journey and commitment to value, we will conduct a massive burn of the remaining 300 million tokens two weeks after the launch of Uniswap. This burn event significantly reduces the total supply, increasing the value of each token.

But that is not all. In the BlockChiefs community, your voice matters. Future events, including additional airdrops and reward distributions, will be scheduled for you.

We conduct research on our community platform to decide on key actions, ensuring each decision reflects the collective will of our members.

Join us for this exciting pre-sale and be part of the BlockChiefs family. Together, we will embark on a journey full of innovation, fun and unique experiences.

We will surprise you with diverse collections, including stickers, gifs, NFTs and more. Many new chefs will be joining us, each bringing their talents to better our community.

You, our community, are the heart and soul of BlockChiefs. We know that together we will achieve great success and create unforgettable moments.

## Presale Schedule

We are excited to announce the schedule for the BlockChiefs presale. Here's everything you need to know:

### **Pre-sale Start Date:**

- **Date:** 22/06/2024

### **Pre-sale End Date:**

- **Date:** 30/09/2024

### **Minimum Purchase Amount:**

- **~\$10 worth of BlockChiefs tokens**

### **How to Participate:**

1. Connect your MetaMask wallet.
2. Ensure your wallet is funded with enough ETH to cover your purchase and gas fees.
3. Visit our pre-sale page and follow the instructions to purchase BlockChiefs tokens.

## Claiming Tokens:

- **Claim Date:**
- After the pre-sale ends, all participants can claim their tokens in one go. There's no vesting period—get your tokens immediately.

## Special Event:

- **Massive Burn Event:** Two weeks after our Uniswap launch, we will burn 300 million tokens to celebrate our journey and enhance token value.
